

NHP 35 - SMOOTH FLOWING FORMULA

80 capsules per bottle

According to the Chinese approach to health, any physical injury affects a related organ system. Physical injuries create trauma in the body. This product addresses the organ system and it deals with localized pain and other related symptoms. The ingredients help to disperse clotted blood and help better circulation especially for internal injuries, sport injuries, blockages and relieve pain and spasm. Useful as a staple in a first aid kit.
