

NHP 42 - NATURAL HERBAL DETOX FORMULA 10 solution bags

(body bath & foot bath)

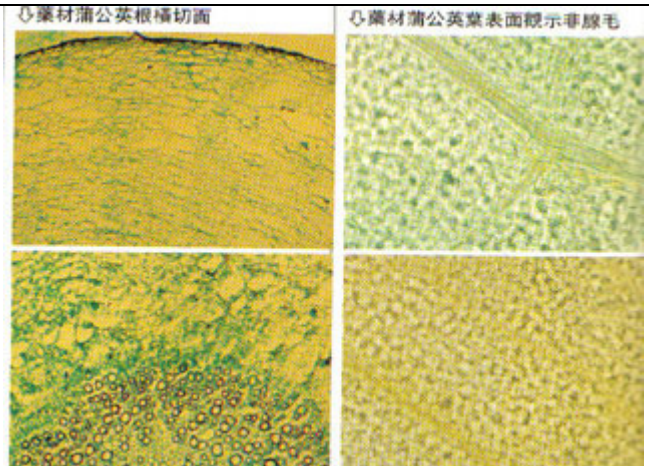

According to the Chinese approach to health, the ingredients are known to help with detoxification. The skin is the largest organ of the body and a major vehicle of detoxification. It can be used in a regular bath, foot soak or as a body wrap.

Ingredients and Recommended Uses

Alfalfa: Alkalizes and detoxifies the body. Acts as a diuretic, eases inflammation, lowers cholesterol, balances hormones and promotes pituitary gland function. Also contains an anti-fungal agent. Good for anemia, bleeding related disorders, bone and joint disorders, colon and digestive system, skin disorders and ulcers.

Aloe Vera: Helps solution break down fat and stimulates cell regeneration. Also has astringent, emollient, anti-fungal, antibacterial and anti-viral properties.

Clover: Appetite suppressant, blood purifier and relaxant.

Dandelion: Cleanses blood stream and liver. Increases production of bile. Used as a diuretic. Reduces serum cholesterol and uric acid. Improves functioning of kidneys, pancreas, spleen and stomach.

Golden Seal: Acts as an anti-inflammatory and anti-bacterial (antibiotic). Cleanses the body. Increases the effectiveness of insulin and strengthens the immune system. Promotes functioning capacity of the colon, liver, pancreas, spleen, lymphatic and respiratory systems. Improves digestion.

Hawthorne: Dilates the coronary blood vessels, lowers cholesterol and restores heart muscle. Increases intracellular vitamin C levels.

Plantain: Soothing to the lungs and urinary tract. Has an antibiotic effect.

Sage: Stimulates the central nervous system and digestive tract and has an estrogenic effect on the body. Good for hot flashes and other estrogen deficiencies.
