

NHP 6 - D-TOX FORMULA
bottle

80 capsules per

According to the Chinese approach to health, this product cleanses the blood and improves the immune system. It is the body's way of getting a tune up. Foods that we eat every day are full of chemicals such as antibiotics, steroids, preservatives and artificial coloring. These can be toxic to the body. If not cleaned up, these toxins are then trapped in your body. The immune system then becomes weaker and you become more susceptible to colds, flu or other forms of disease including cancer. Excellent for those whose immune system is low or who require a whole systems cleanse.

蒲公英

Meridians / Systems: lungs, large intestine, spleen, stomach and urinary bladder.
